

Remove fat, reduce inches.

- ▶ ZERO Pain
- ▶ ZERO Surgery
- ▶ ZERO Downtime

Welcome to ZERONA® – the clinically-proven new treatment that painlessly reduces inches and removes stubborn body fat.

ZERONA revolutionizes body slimming in a safe, effective treatment. There are no needles, no incisions, and no recovery time needed.

Why choose ZERONA®?

Clinical trials confirmed the amazing effects that ZERONA had on adipose tissue (fat storing cells). The results demonstrated that a small pore was created in the protective membrane of the fat cell enabling the fatty matter to seep out of the cell. The excess fat was then passed out of the body during its normal course of detoxification.
